Languages: HTML, CSS, JavaScript, SQL, GraphQL.

Frameworks/Libraries: ReactJS, NextJS, JQuery, Tailwind CSS, Bootstrap, SCSS/SASS, RazorPages, Umbraco CMS.

Development Tools: Git, GitHub, Sourcetree, Bitbucket, Visual Studio, JIRA, Figma.

EXPERIENCE

Digiwhiz

Feb 2024 – Mar 2025

Jr. Front-end Developer

Ahmadabad · On-site

- Translated **Figma designs** into responsive landing pages, ensuring a seamless and accessible **user interface**.
- Led the migration of the company's internal project from **SCSS/SASS and Bootstrap to Tailwind CSS**, improving **code maintainability** and modernizing the tech stack.
- Developed **scalable UI components** with **Tailwind CSS**, enabling faster development and consistent design.
- Implemented efficient **data fetching workflows with GraphQL** within the Next.js environment, optimizing for **performance and data integrity**.
- Conducted **knowledge-sharing sessions** to help team members effectively adopt new **technologies** and follow best development practices.
- Gained experience with **Umbraco CMS** in both integrated and headless configurations.
- Enhanced overall project performance by **optimizing unused CSS**, reducing file sizes, and adhering to modern web development practices.

Psyliq

Dec 2023 – Jan 2024

SQL Developer Intern

Remote

- Completed the SQL Internship at Psyliq, focusing on mastery of fundamental concepts.
- Mastered DDL for precise database design and DML for effective data interaction.
- Recognized the importance of SQL skills in data analytics.

PROJECTS

TestiWall

- Online SaaS Platform** to collect, moderate, and embed customer testimonials on websites.
- Collect reviews, feedback, and testimonials** via shareable forms with dynamic submission control.
- Moderation workflow system** to review, filter, and approve testimonials before publishing to production.
- Embeddable testimonial walls and carousels** with configurable **themes, layouts, and display options** for seamless website integration.

Prompt Enhancer – Chrome Extension

- Integrated **Gemini API** for dynamic **prompt enhancement** tailored to the user's **needs and role**.
- Developed a **Chrome Extension** to provide seamless access to the enhancement features directly within the browser.
- Integrated **Notion as a CMS** for efficient **blog and content management**.
- Implemented the **backend using FastAPI** and the **frontend using Next.js** for a full-stack architecture.

Open Source Contribution - Vega App

- Enhanced the video player experience by adding a **2x speed gesture on long press** on the right side of the player, replicating **YouTube-like functionality**.
- Updated the UI of the detail screen, improving **visual design and user experience**.
- Worked with a tech stack including React Native, TypeScript, NativeWind, and Expo Modules.
- Collaborated with the project maintainers to **integrate the feature seamlessly into the existing codebase**.

EDUCATION

Parul University

Bachelor of Technology in Information Technology (CGPA 7.93)

Oct 2020 – May 2024

Vadodara, Gujarat
